

# Safer Surrey Approach to Practice

## Mapping Tool

The grid will help you frame your analysis:

<p><b>What are we worried about?</b> (past harm, future danger, complicating factors)</p>	<p><b>What's working well?</b> (existing strengths and safety)</p>
<p><b>What do we still need to know?</b> (grey areas, unknown information, where do we need further information)</p>	<p><b>What needs to happen?</b> (for future safety)</p>
