

Do you want to become a trainer for the SSCB?

This is a chance to further develop your skills and knowledge and a fantastic continued professional development (CPD) opportunity.

If you would like to become a trainer, we would provide you with three days' training to equip you with the skills to deliver *Working Together Safeguard Children introduction, CSE Level 2, Foundation Module 1 and Foundation Module 2*. We would provide you with support by giving you the opportunity to observe experienced trainers as well as observing you in practice. Once you have completed the *Train the Trainers* course and had opportunity to observe an experienced trainer, you will become part of the SSCB Trainers Pool.

What is the SSCB Trainers Pool?

The SSCB Trainers Pool is a bank of experienced and qualified trainers who deliver multi-agency Foundation Modules on behalf of the SSCB. The pool is made up of a range of professionals from partner agencies of the SSCB as well as freelance trainers.

To join the SSCB Trainers Pool, trainers must have completed the SSCB *Foundation Modules* as well as attended both *Train the Trainers* courses.

These are the two day [Train the Trainers – Working Together to Safeguard Children, CSE and Cultural Competence](#) and the one day [Train the Trainers – Foundation Modules](#). Further details can be found at www.surreyscb.org.uk

Please [contact us](#) for an initial conversation at sscb.training@surreycc.gov.uk or call us on 01372 833917.
